

Safe, Easy & Flexible Air Purification

Plasma Air 7000 Series Needlepoint Ion Generator

IDEAL FOR:

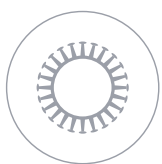

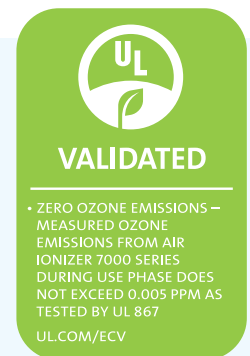

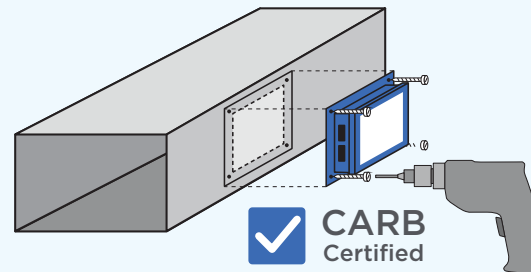

- | | |
|------------------------|------------------------|
| Schools | Religious Institutions |
| Office Buildings | Restaurants |
| Gyms & Fitness Centers | Retail |
| New Construction | |

EASY INSTALLATION

- Duct-mounted: closer to the occupied space
- 24VAC standard wiring and suitable for 120-277 voltage with power supply
- Integrated BAS alarm contact eliminates need for separate duct ion sensor

EFFICIENT & EFFECTIVE

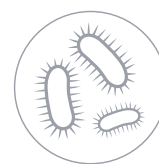

- No replacement parts for life of unit
- Treats up to 6,000 CFM
- Low maintenance - recessed needles reduce dust build-up
- Low power consumption with visible LED indicator

VIRUS
Influenza A (H1N1)
86.6% Reduction

MOLD
Penicillium
95% Reduction

BACTERIA
Escherichia coli (E. Coli)
99.43% Reduction
